Message from the President of The Australian Soccer Federation

Looking at last year's media guide and my message that was contained therein I note that the Federation did not attain all that had been hoped for during the 1981 season.

We failed once again in our bid to qualify for the FIFA World Cup Finals to be held this year in Spain and were beaten by the excellent team from New Zealand which has, in fact, qualified.

As each year goes by with the emphasis on national team development which is occurring in the Arab countries and now in the case of the Republic of China, it is going to be increasingly more difficult to find the right formula to ensure that Australia once again qualifies for the Finals of this major world competition.

I was also disappointed towards the conclusion of last season to see the discussion and airing in public of different views that were and held between the Federation and the clubs participating in this national competition. The Philips League is still developing and has problems associated with this, problems which are added to by the enormous increase in the costs of interstate travel, additional costs in respect of fees paid to players and inflation of transfer fees paid to obtain the services of players, coupled with the real problems that are facing many winter sports of finding a way of increasing attendances.

There is only one solution to problems and that is for the interested parties and this includes the Federation, its Members, participating clubs, players and coaches, of attempting to reach compromises and to generally combining all our efforts and skills to try to solve the problems that face the sport and the League in particular.

On the credit side the Federation assisted by persons from every facet of the game in this country successfully conducted the third FIFA World Youth Championship for the Coca-Cola Cup which was won by West Germany. The Australian team performed tremendously well in defeating the holders

Philips Soccer League Year Book

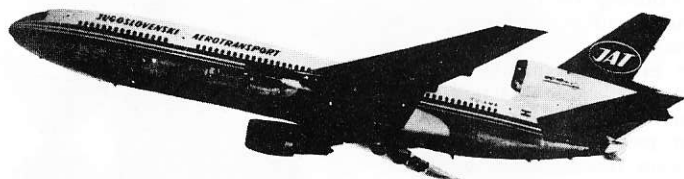

Argentina and in reaching the quarter-finals only to be narrowly defeated by the ultimate winners.

Philips Industries Holdings have sponsored the League since its inception in 1977 and after five years of magnificent support have decided that the company's direction must change and originally decided not to renew sponsorship of the League for the 1982 season. Subsequently, bearing in mind the financial problems that the League would encounter as a result of this decision, the company graciously decided to extend the sponsorship for one further year.

We are deeply grateful as are all member clubs of the League to Mr C. Bossers, Chief Executive of Philips and his Board and also to Mr Collin Dennis, Manager Corporate Advertising and Public Relations Division, for this added support which will ensure the success of the 1982 season.

I am confident that despite the setbacks which did occur during 1981 that the League and soccer generally will move to bigger and better things this season and I wish each and every club a successful season in our major competition.

**SIR ARTHUR GEORGE
PRESIDENT**

Fastest, Friendliest way to travel

Message from the Chairman of the Philips Soccer League Council of Clubs

It is with some pride that we can say in 1982, we have a National Competition in this country. We have inspite of the disappointments of 1981, managed to survive. The National team was a total disaster and Philips were ready to abandon us. But then came a ray of sunlight. The World Youth Championship and the performance of our young stars redeemed some of the lost prestige. It is difficult to imagine where our code would be if we had succeeded in either the 1978 World Cup or the present one. But football is a game of hope, we can always look forward to the next game. In the same way we can look forward to the next world cup. We must insure that the mistakes we made in the past two world cup campaigns are not repeated.

We must insist on total commitment from administrators, coach and players. Soccer will only be accepted when we are successful in the international arena. This international flavour is what puts soccer above all other football codes in this country. The National League was formed almost as a result of the 1974 world cup participation, but although we have improved the overall standard of the game this improvement has not reflected in our National efforts.

We are grateful to Philips for their contribution in 1982 and I am certain that in the near future our long term objectives and sponsorship will be announced.

I would like to thank the A.S.F. Executive and its President — Sir Arthur George for their assistance and support in solving some of the problems of our league. I am certain we all have learnt from our recent conflict.

I wish all club officials and players a successful 1982 season.

**SAM PAPASAVAS
CHAIRMAN**

1982

Philips Soccer League Fixture List

February 14 (Round 1)

South Melbourne v Wollongong
 Sydney City v Preston
 West Adelaide v Brisbane Lions
 Leichhardt v Marconi
 Brisbane City v Adelaide City
 Footscray v St. George

Notes:

If you play soccer without A.S.F. Players Protection Scheme cover — you're crazy.

Could your club afford to pay you if you are totally or partially disabled whilst playing?

Cover is available for Junior Clubs through to P.S.L. So make sure your club has you covered — just in case.

For further information about the OFFICIAL A.S.F. Players Protection Scheme contact:
